

# WORLD EXPLORER - STREET PARADE 2019

## World Explorer – Street Parade

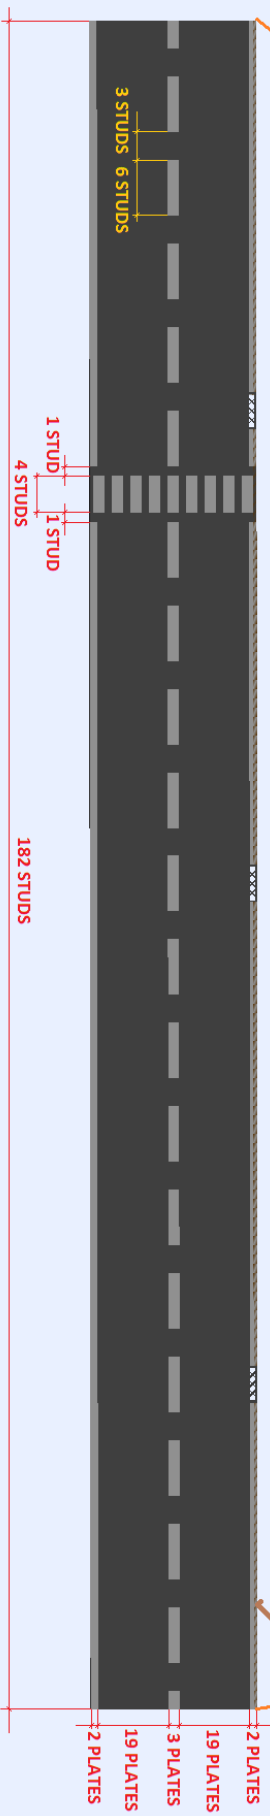

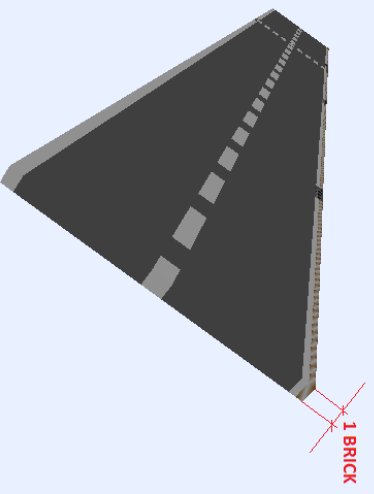

A Minifigure street parade is making its way down one of the main streets of the City Island.

It should feature 4 themed vehicles/floats each vehicle is themed to 1 LEGO franchise such as City, Space, Pirates etc. (not IP's) We would also be very keen to see a Friends vehicle.

Vehicles and characters should be attached to the road which should be supplied in ideally 4 sections

Vehicle width should be around 12-13 studs wide

Road should be broken into multiple sections to ease installation

Current Parade for info
